

This Telegram group from Rabi'ul Awwal, is for members and donators only

be a member A.S.A.P. by donating at least twice a year (because overseas transfers/wires tend to be \$180 or over for efficiency) to this account: bit.ly/HHRC_account; be sure to notify us to WhatsApp number +62811232805 or email sekretaris@krhh.or.id, Thank You

our public facilities have moved to krhh.or.id (sighting reports, almanac, books, 'ied prayers, activities, etc); the website is in bahasa Indonesia, so you may need to auto-translate it; however, there are English joining/donating details in this page: krhh.or.id/organisasi

if you are not in the group, your sighting reports (coming from anywhere in the world) can be sent to the above email or WhatsApp; Thank You for your report submissions, it keeps us alive!

the group shall further have the functions of:

- main place to get the **quickest sighting reports** possible for the Nusantara area (the website reports are one to two days later), not to mention the camaraderie of getting together for a united purpose: bringing back our Master's (PBUH) simple & pragmatic applications to moon dating and prayer times, which are connected to Nature (and getting us closer to Him)
 - fastest naked-eye 'ied prayer notifications
- general & one-to-one guidance to observing the natural signs of prayer times, plus observing the Moon & Sun (being our main source for dating); such that as many as possible may be eased back to observing **their own Times** as well as to transmit to others
- Q&A's, discussions, passing on the baton; kindly read our bit.ly/HHRC_pocketbook
